

STANNO

SIZE CHART GLOVES

- Place the palm of your right hand with the index finger (without thumb - as example) on the line and find your size on the right side.

HOW TO MEASURE?

- Step 1:** Print this page on true size (100%).
Check: the line below should measure 4 inches .

- Step 2:** Place the palm of your right hand on the paper, the index finger aligned with the black line.
- Step 3:** Now read the size at the right side of your hand, just below the little finger.

This chart is only an approximate size, gloves should be tried on to confirm best fit.
